

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions and listings of claims in the application:

LISTING OF CLAIMS:

1. (previously presented): A wind-power generator pod comprising:

a rigid fairing in which at least one electricity generator is disposed for coupling to at least one wind-driven propeller, wherein the rigid fairing constitutes the body of the generator in which a stator and a rotor are mounted, such that the stator contacts the fairing, and wherein lateral openings extend through the stator.

2. (previously presented): The pod according to claim 1, in which the rigid fairing is surrounded by a tubular sleeve forming a substantially annular air passage between the rigid fairing and the tubular sleeve.

3. (previously presented): The pod according to claim 1, in which the rigid fairing is attached to the stator of the generator via an interference fit.

4. (canceled).

AMENDMENT UNDER 37 C.F.R. § 1.111
U.S. Appln. No. 09/653,408

5. (previously presented): The pod according to claim 1, in which the generator is coupled to the wind-driven propeller via an epicyclic gearbox.

6. (previously presented): The pod according to claim 5, in which the gearbox is mounted inside the rigid fairing.

7. (previously presented): A wind-powered generator comprising a pod according to claim 1 and mounted to swivel at the end of a mast.

8. (new): The pod according to claim 2, wherein the tubular sleeve is shorter in length than the fairing.

9. (new): The pod according to claim 2, wherein the tubular sleeve has an end portion which is flared outwardly.

10. (new): The pod according to claim 9, wherein the end portion which is flared outwardly is disposed towards an end of the fairing which is opposite the wind-driven propeller.
